## Equipment Delivery and Acceptance Check List

- 1) Limited Warranty: (if applicable) This product is the written guarantee by the manufacturer of the product, promising to repair or replace parts which have a defect in materials or workmanship. "Limited" means the warranty is for a specific period of time, and has certain other restrictions. I have received my equipment owner's manual, have had the safe operation of the equipment explained, and understand it is my responsibility to fully read the operators manual.

Initial: \_\_\_\_\_

- 2) Extended Warranty: This product is the written guarantee by the manufacturer of the product, promising to repair or replace parts which have a defect in materials or workmanship, for a specific period of time beyond the time period of any basic warranty. This promise may also be that offered by other than the manufacturer of the product. I have had the applicable equipment warranty (if any) explained and understand its conditions and limitations.

I have been offered an Extended Warranty coverage, a copy of which offer is attached and I;

Accept: \_\_\_\_\_

Decline: \_\_\_\_\_

- 3) Property Damage Insurance: This product is the agreement between the named insured and a company providing this insurance in return for the payment of premium for each Notice of Insurance issued under authority of said insurers Master policy to provide coverage for the named insured and the retail purchaser or one involved in extended credit secured by the property described in the security instrument, for property described in the Declarations, subject to the Conditions and Exclusions the Notice of Insurance.

I have been offered Property Damage Insurance coverage, a copy of which offer is attached and I;

Accept: \_\_\_\_\_

Decline: \_\_\_\_\_

- 4) Preventive Service Maintenance Agreement: This product is the agreement of Bingham Equipment Company to perform specific maintenance service functions as prescribed by the manufacturer's periodic maintenance schedule on the property described in the attached agreement, in return for payment for the services. This agreement is "Limited" which means the agreement is for a specific period of time, and has certain other restrictions.

I have been offered a Service Maintenance policy on the equipment, a copy of which offer is attached and I;

Accept: \_\_\_\_\_

Decline: \_\_\_\_\_

- 5) Revolving Credit Account: This product is the offer to establish a revolving account for the purpose of extending credit to me as the applicant, subject to the provisions of the revolving credit agreement of the lender.

I have been offered either the CNH or Kubota Commercial Revolving account, and I;

Accept: \_\_\_\_\_

Decline: \_\_\_\_\_

- 6) Lo Jack: This product is a silent transmitter security device which will be attached to a specific piece of equipment, which becomes activated by a routine stolen vehicle police report. Once the Lo Jack is activated the police can begin tracking and potentially recovering the stolen equipment. I have been offered this product, and I;

Accept: \_\_\_\_\_

Decline: \_\_\_\_\_

- 7) GPS: This product will enable online monitoring of equipment engine hours, equipment location and other reports for routine maintenance, usage and other security needs. The first 3 months of service are included with a website user name and password. At the end of the trial period the user will have the option to continue service at the agreed upon monthly rate or discontinue service.

#### Description

230-Volt MIG Flux-Cored Wire Feed Welder

- Forgiving arc makes dialing in your application easy
- Smooth arc starts with minimal spatter
- 30-180 amp welding output range is enough for many tasks
- Weld up to 1/2" steel using self-shielded Lincoln Innershield® wires
- Precision full-adjustment drive system reduces chance of wire tangling and crushing
- Brass-to-brass gun connections for enhanced connectivity
- Large industrial closed-design drive motor for improved torque and trouble-free performance
- No hassle tool-less design – for wire spool mounting, wire drive service and polarity changes
- Innovative contact tip, drive roll and nozzle storage – keeps all your consumables close at hand

#### Specifications

Process	MIG flux-cored	Work Clamp Included	Yes
Height (Inches)	16	Ground Cable Length	10 feet
Width (Inches)	14.7	Contact Tips Included	Yes
Depth (Inches)	19.8	Sample Flux Wire Included	Yes
Weight (lbs.)	71	Sample MIG Wire Included	No
Minimum Weldable Thickness (Mild Steel)	24 gauge	Hand Shield Included	No
Maximum Weldable Thickness (Mild Steel)	3/16-in	Helmet Included	No
Minimum Wire Thickness	0.025mm	Instructional Media Included	Yes
Maximum Wire Thickness	0.045mm	Thermal Overload	Yes
Minimum Wire Feed (Inches per minute)	50	Drive Motor Overload	No
Maximum Wire Feed (Inches per minute)	500	Primary Circuit Breaker	No
Uses Argon Gas	Yes	UL Safety Listing	No
Uses Argon/Carbon Dioxide Mixed Gas	Yes	CSA Safety Listing	Yes
Input AC Voltage	230	ETL Safety Listing	No

Jay Collier <jay.collier@prescottschools.com>

**RE: Fire Systems Revamp/Bond Estimate**

1 message

Mike Hurtado <mhurtado@fsec.net>

Tue, Feb 12, 2013 at 10:49 AM

To: Jay Collier <jay.collier@prescottschools.com>

Jay,

Today must be your lucky day since I was able to wrestle down the estimator to give me some ball park figures. Keep in mind that these numbers are high due to the fact that we are trying to encompass any unforeseen circumstances and they are strictly "ball park" figures only. Once you have established what your budget's will be we can tailor the systems to your budget and get a more detailed breakdown at that time.

Here are the numbers:

<u>Site</u>	<u>Security</u>	<u>Fire&amp; Intercom</u>	<u>Total</u>
Abia Judd	\$50,000	\$300,000	\$350,000
Dexter	\$50,000	\$300,000	\$350,000
Granite Mountain	\$75,000	\$400,000	\$475,000
Lincoln	\$50,000	\$300,000	\$350,000
Mile High	\$75,000	\$400,000	\$475,000
Miller Valley	\$50,000	\$300,000	\$350,000
Taylor Hicks	\$50,000	\$300,000	\$350,000
PHS	\$100,000	\$600,000	\$700,000
Washington	\$50,000	\$300,000	\$350,000

*Left message with company (sales rep no longer there) 5/26/15 - This was full "kit n kaboodle" - looking for reasonable system to enhance existing - budgeting \$1,000,000*

*Hurtado 481-9749*

*(K)*

Total: \$3,750,000

These numbers are inflated but will give you somewhat of an idea on how much you will need to budget. If you should have any other questions let me know.

Have a great day !

*Michael A. Hurtado*

**From:** Jay Collier [mailto:jay.collier@prescottschools.com]

**Sent:** Tuesday, February 12, 2013 9:11 AM

**To:** mhurtado@fsec.net

**Subject:** Fire Systems Revamp/Bond Estimate

Mike, Here attached is a very cursory data sheet that may assist.

We are figuring full blown re-do of the fire systems at each site to include panels, devices, runs, etc. Also we need to include Bells, Intercom, and Security Cameras. The Security Cameras can be a modest system that can later be added to.

Just need ball park figure!
