Which Option is Right for My Child?

Use the chart below to help determine which learning modality is best for your child. Genesis is our dropout recovery program through PHS. It is only available for students who are 16 or older. Genesis is recommended for students who are severely behind in credits and are at risk of not graduating, students who are simply wanting online learning are encouraged to enroll in PUSD Everywhere. Students unsure of which option should speak with their school counselor.

I need	In Person	Hybrid	PUSD Everywhere	Genesis
